Chelsea Rodgers

Prince

A model, used to be a role model
I dunno, come on, Chelsea, I dunno, come on
Go ahead now, Chelsea, go ahead now
This for Jersey right here, go ahead now
Chelsea Rodgers was a model
But she really rocked and rolled
Kept her tears up in a bottle
She poured them out to save her soul
Ask her what she liked the most
She said she liked to talk to Jimi's ghost
Fantasy, a bragger's boast
Chelsea's fly like coast to coast
Hollywood or Times Square
If the party's fly, my girl is there
Earth boots on and flowers in her hair
21st Century hippie, Chelsea don't care
Chelsea Rodgers was a model
But she really rocked and rolled
She kept her tears up in a bottle
Poured them out to save her soul
Try to catch her if you can
But you never see her with one man
'Cause they must be baptized according to the master plan
Before she give up the good thang, go 'head Chelsea
No blood diamonds or designer chic
'Cause she's too original from her head down to her feet
You can hate if you want to, Chelsea don't eat no meat
Still got butt like a letter C, go 'head Chelsea
Chelsea Rodgers was a model
But she really rocked and rolled
She kept her tears up in a bottle
Poured them out to save her soul
Come on, Chelsea
Come on
Next to her, they just a fool
Chelsea read more books than a few
Like Moses was a Pharaoh in the 18th Dynasty

And Rome was chilling in Carthage in 33 BCE

And the day that we stop counting
We live as long as a tree
Go ahead Chelsea, teach me
Go ahead Chelsea
Make a promise to your higher self
Get true knowledge then fame and wealth
Then you don't be chasing nobody's ghost
Of everything make the most, come on
Chelsea Rodgers was a model
But she really rocked and rolled
She kept her tears up in a bottle
Poured them out to save her soul
Chelsea Rodgers was a model
But she really rocked and rolled
Kept her tears up in a bottle
Poured them out to save her soul
Come on Chelsea
Keep that body moving
Come on Chelsea
Make that body move
Come on Chelsea
Keep that body moving
Come on Chelsea
Make that body move
Shake it like a Juicy Juice
Shake it like a Juicy Juice
Shake it like a Juicy Juice
Shake it like a Juicy Juice
Chelsea Rodgers was a model
But she really rocked and rolled
Kept her tears up in a bottle
Poured them out to save her soul
Chelsea Rodgers was a model
Poured them out to save her soul
