

# Some Say

## ANTITRASH JACK

Some say we're never meant to grow up  
I'm sure they never knew enough  
I know the pressures won't go away  
    It's too late  
    Find out the difference somehow  
    It's too late to even have faith  
    Don't think things will ever change  
        You must be dreaming  
    Think before you make up your mind  
        You don't seem to realize  
        I can do this on my own  
        And if I fall, I'll take it all  
            It's so easy after all  
    Believe me 'cause now's the time to try  
    Don't wait, the chance will pass you by  
        Time's up to figure it out  
        You can't say it's too late  
        Seems like everything we knew  
        Turned out were never even true  
    Don't trust, things will never change  
        You must be dreaming  
    Think before you make up your mind  
        You don't seem to realize  
        I can do this on my own  
        And if I fall, I'll take it all  
            It's so easy after all  
    Some say we're better off without  
        Knowing what life is all about  
    I'm sure they'll never realize the way  
        It's too late  
        Somehow it's different everyday  
        In some ways it never fades away  
        Seems like it's never gonna change  
            I must be dreaming  
    Think before you make up your mind  
        You don't seem to realize  
        I can do this on my own  
    Think before you make up your mind  
        You don't seem to realize

I can do this on my own  
And if I fall, I'll take it all  
It's so easy after all  
Believe me, it's alright  
It's so easy after all  
Believe me, it's alright  
It's so easy after all
