

Cali Love

Tyga

Tyga
California
the home of a king
the place for an angel
flyer than doves i just wanna bring the cali love back!
sittin here thinkin when they put cali on
88 Cube & Dre; i wasnt even born
so i just wanna keep cali on
f*ck what happened to the cali love cigar smoke when the legends shoot videos
snoop gettin old and Pac is really gone
so i just wanna keep cali on
f*ck what happened to the cali love see artists hate lovin this young artist (ME!)
critique all em
ya'll aint nothing but cheap condoms
b*tch f*ck all ya'll those talking but are supportin
i hear ya sounds loud and clear your shit sound distorted
im a pope to get on it
im the one next to best does it
remove your earpluggin i never stutter
unt-til now brother my city will now love me
if anyone be found clubbin thats time for those a hundred
young money that big boy money its nuthin
to sit and watch the sony plasma when you on it (THATS ME!)
