It's you, hey you
It's you, hey youIt's you I wanna kiss good night
It's you I wanna hold real tight
Feeling deep inside my soul
Without you losing all control
Oh, oho, oh, oho, oh, oh
It's you, hey you
Where are youWell, you make my heart jump up and down
You got me spinning all around
Trill me baby, trill me through
You got me breaking all the rulesAll the rules
All the rules
All the rules
All the rules
All the rules
It's you baby, yeah you
Where are youIt's you I want here by my side
It's you I need to satisfy
When we kiss is when that's true
You're loving me, I'm loving you
Whoa
Oh
You whoa
Oh
You whoa
Oh, it's you, baby, youBaby, you
Baby, you
Baby, you
