

Saturday's Song

Hiss Golden Messenger

Yeah, when Saturday comes, I'm gonna lose myself
Yeah, when Saturday comes alright, everybody left
That might be a little crazy
I'm gonna drink some whiskey, Jimmy Beam

Yeah, when Saturday comes, I'm gonna lost my soul
Yeah, when Saturday comes, I'm gonna lose control
I might get a little crazy
I'm gonna wake up Sunday on a DIV

Yeah, when Saturday comes, I might feel no pain
Yeah, when Saturday comes, not knowing my name
I might get a little crazy
Or got my baby, bring it on for me

Yeah, when Saturday comes, I'm gonna heal myself
Yeah, when Saturday comes with a plan of some sort
I might get a little crazy
Then comes Sunday waiting for me
