

Tonight's the Night

The Shirelles

You said you're gonna meet me,
Tonight's the night.

You said you're gonna kiss me,
Tonight's the night,
Well I don't know,

Said I don't know right now
I might love you so.

You say you're gonna beg me,
Turn the lights down low

You said you're gonna make me
Feel all aglow.

Well I don't know,
Well I don't know right now
I might love you so.

I might love you so much.
You may break my heart.

I may want you so much
And all my dream been torn apart.

You say you're gonna love me,
Tonight's the night.

You say you're gonna hold me,
Tonight's the night.
I don't know.

Said I don't know right now.
I might love you so.

Let's take a chance.
Gonna be a great romance
Movin' right now,

Gonna be a great romance
Gonna be a great romance
