

Vortex Of Confusion

Enthroned

Lead Nornagest Take Me!!![Nornagest:] Blank eyes in sight
Empty body for a soul full of sorrow
Confusion is growing in me,
Spining wihtin my blood,
"Razors are hammering"[Sabathan:] Despair: silent screams are hurting my hears,
Anger: motionless, hatred is burning my senses,
Feelings: frozen scarves of my darkest past.
Solution: self-destruction. Endless waitings, slow sufferings,
The SATANA-test is exciting my wond... my wound... [Chorus]
[both Nornagest/Sabathan:] It's turning and turning into my head, confusion's turning me to insane,
Tell me your choice, tell me my destiny across the Vortex of confusion. [Solo: N.Daemon][Nornagest:] At once,
the kiss of the wolf sat my heart on fire,
Yet another scarve melted into Lava's spellbound,
My body's burning and my soul once again petrified in time... In time!!! [Solo : Nornagest]
[Solo : Nornagest]
[Lead : Nornagest] My scarves are still bleeding remains of my darkes past,
A new age shall erise, a new man is born... Oh Lord....
Take Me!!! [Lead : Nornagest]
