

Feel Me (Live at the Revival Tour)

Selena Gomez

[Selena]

No one love you like I love you

(I never cheated, never lied)

I never put no one above you

I gave you space and time

(And now you're telling me you miss me)

And I'm still on your mind

We were one in a million

Our love is hard to find...(Do you stay up late just so you don't dream?)Every time your lips touch another

I want you to feel me, I want you to feel me

Every time you dance with somebody

I want you to feel me, I want you to feel me

Do your days get a little bit lonely?

Nights get a little bit colder?

Are you a little bit louder?

Days get a little bit longer?

Nights get a little bit colder?

Heartbeat a little bit louder?When you're running, who you run to?

Where do you go to hide?

When she ain't giving you enough to get you through the night

I won't be caught up in the middle

Through your highs and your lows

Baby, 'long as you're not with me, you'll always be alone(Do you stay up late just so you don't dream?)Every time your lips touch another

I want you to feel me, I want you to feel me

Every time you dance with somebody

I want you to feel me, I want you to feel me

Do your days get a little bit lonely?

Nights get a little bit colder?

Are you a little bit louder?

Days get a little bit longer?

Nights get a little bit colder?(Heartbeat a little bit louder...?)
