

Can You Stand The Game

Pastor Troy

Can you stand again, baby
Sometimes I feel like I am stuck between a bad dream
Running this race thank the Lord for his amazing grace
Yes I believe, blessed wit G's that's around me
Forevermore a thug buddy you can't clown me, that's on the court
Give me war, strength and power daily
Lord bless my lady, don't let situations drive her crazy
Baby I know, everyday it's like I gotta go, never no time
Everything's gon' be straight though, I'm on the grind
Love is blind, I can see it now
It's 20/20 from the 'Burban to the Benz now
A fifth of Remi, it ain't many that can maintain
But boo I love you 'cause I know that you can stand the game
Stand the game
Sunny days, everybody loves them
Tell me baby, can you stand the game?
Storms will come, this we know for sure
Tell me baby, can you stand the game?
Sometimes I wonder how did I become so lucky
A million hoes, now I got a gurl that loves me
It's kind of funny 'cause I never been the one for love
All I was thinking 'bout was money or selling drugs, that's what it was
Young rich nigga, hoes a dime a dozen
The older that I grew, I knew a ho ain't nothing
It's more than fucking that was high school shit
I moved my gurl in, it's me her and the pits
Six in the yard, I give thanks to God
For making it easy though they say it would be hard
And me and my gurl gon' stack it up for a while
And when I wake up, first thing I see is her smile
And when she has my child I'll be the happiest on Earth
And I'm a be there every second of it's birth
And it don't even matter, if it's a girl or it's a boy
'Cause the last name is gone be Troy, huh, the game
Sunny days, everybody loves them
Tell me baby, can you stand the game?
Storms will come, this we know for sure
Tell me baby, can you stand the game?
Sometimes I wonder do you miss me how I miss you?

Can't wait to git back to the crib so I can kiss you
It crack me up because you could have been done gave it up
But you stay with me 'cause no matter what you give a fuck
Therefore we stuck, together like crazy glue
Hey baby it's me and you
Forever we made a vow, so we gots to do it now
I know you believe in me, just say what you wanna be
And we will have everything, if you can just stand the game
Sunny days, everybody loves them
Tell me baby, can you stand the game?
Storms will come, this we know for sure
Tell me baby, can you stand the game?
Sunny days, everybody loves them
Tell me baby, can you stand the game?
Storms will come, this we know for sure
Tell me baby, can you stand the game?
