21st Century

Rosabel

All the creatures on the beaches
Making waves in a motion picture
Won't you keep this in between us?
Search and seizure wake up Venus
The dollar bill will mentally ill bill
Mom and dad take your 'Don't be a sad pill'
Turn the screw and twist my language
Don't forsake me I'm contagious
There's a reason for the 21st century
Not too sure but I know that it's meant to be
And that it's meant to be
Come on, ooh
It's my favorite combination
Coming down with the favored nations
Deep rotation, mutilation
Learn to give and take dictation
Oh, oh oh, oh oh
Like the Cain and Abel
Oh, oh oh, oh oh
Time to run this table
There's a reason for the 21st century
Not too sure but I know that it's meant to be
And that it's meant to be
Hey yeah
Read me your scripture and
Read me your scripture
Read me your scripture and I will twist it
Show me your wrist and I
Show me your wrist and
Show me your wrist and I'll kiss it kiss it
Oh, oh oh, oh oh
Like a Cain and Abel
Oh, oh oh, oh oh
It's time to run this table
Simple soldier hand it over
Stop and read what you just wrote her
Strangulation, altercation
Oral sex and bird migration
There's a reason for the 21st century

Not too sure but I know that it's meant to be
And that it's meant to be, come on
There's a reason for the 21st century
Not too sure but I know that it's meant to be
And that it's meant to be, yeah
