Summer Dream

â€œÅ’â€¢Ã»Â•_â€¹N

La la la la la la la, la la la la la, la la la la Summer dream
La la la la la la la, la la la la la, la la la la

Come on crew now energize the mic
This is what you came for tonight
Back on stage living for the hardcore
You better take care 'bout the business on the floor

Shining like the sun in the early morning
I spit rhymes 'pon the mic like a warning
Shot from a pistol, a big bang
Ring the alarm, 'cause your bells been rang

La la la la la la la, la la la la la, la la la la Summer dream
La la la la la la la, la la la la la, la la la la Summer dream
La la la la la la la, la la la la la, la la la la Summer dream
La la la la la la la, la la la la la, la la la la Summer dream

When I chat 'pon the mic as a kind of expression
Other mc's get a clinical depression
I'll leave them needin someone from the medical profession
Cause winning is my, my only obsession
Come on time to really get grooving
Get you all jumping, get you all movin'
Rippin' up the mic, I love to run
Rippin' it raw, I'm the number one yeah !

La la la la la la la, la la la la la, Summer dream
La la la la la la la, la la la la la, Summer dream
Yes !
La la la la la la la, la la la la la, la la la la Summer dream
La la la la la la la, la la la la la, la la la la Summer dream

Shining like the sun in the early morning
Gotta gotta get get, Gotta gotta get get,
I spit rhymes 'pon the mic like a warning
Get you all jumping, get you all movin'

La la la la la la la, la la la la la, Summer dream

La la la la la la la, la la la la la, Summer dream

La la la la la la la, la la la la la, Summer dream
La la la la la la la, la la la la la, Summer dream

La la la la la la la, la la la la la, Summer dream
