

# Iron Fist

## Korpiklaani

[Verse 1]

Dark night nothing to see  
Invisible hand in front of me  
Scared to death there's someone near  
Scared to move but you can't stay here[Chorus]

You know me, evil eye  
You know me, prepare to die  
You know me, the snakebite kiss  
Devil's grip, the Iron Fist[Verse 2]  
Flying horse don't make a sound  
Flying hooves don't touch the ground  
Walk in circle lose you track  
Can't go on but you can't go back[Chorus][Verse 3]  
Moon eclipse and you know why  
Ghost rider in the sky  
Beast of evil devil's hound  
Tooth and claw they pull you down[Chorus]
