My Flying Saucer

Wilco

My flying saucer where can you be
Since that sad night that you sailed away from me?
My flying saucer, I pray this night
You will sail back before the day gets brightMy flying saucer, fly back for home
You will get lost in the universe alone
My flying saucer, end all my fears
Sail back tonight, love and kiss away my tearsMy flying saucer, I pray this night
You will sail back before the day gets bright
You will sail back before the day gets bright
