

# Lonely Boy

Vincent Gallo

Saw a face  
From my childhood days  
A smiling girl...not a friend...  
Milky red funny face...smiling smiles  
Mother...and son...  
Stood by a dad  
Daddy  
You sure eat a lot of snacks  
Now & then...I start to cry  
Not the tears  
But when I was...or when I was  
Like a colored sky...coloring  
Wish the sun...would stand still  
All forgotten...yesterdays  
School days remind me of  
When I was a boy  
All my life I've been this lonely boy  
Doo doo
