Shadows in Vain

Elf Power

Stroll to the cafe
My God how time flies
I close up my brain
And another friend diesI feel like a mirror
Feel like nothing is mine
I could go back to crying
But now dying seems fineSo I hang from the ceiling
Or I sit on the air
Or rot in a corner
Until somebody caresFaces at random
I quote people I knew
I'd love to be like me
If I could feel like youHere am I, more roche five than pain
Here am I, just me and my walls to blame
Here am I, I really don't feel quite sane
Here am I, still searching for my shadow in vain
Lock my door I only think in black and white
I'll even try to look ashamedMoving out of central
Somebody knows me well
Says he'll spill the whole story
He may be lying I can't tellMeet me inside
I'll keep my head to the floor
And one hand on the handle
Of the mad/sane doorHere am I, more roche five than pain
Here am I, just me and my walls to blame
Here am I, I really don't feel quite sane
Here am I, still searching for my shadow in vain
Lock my door I only think in black and white
I'll even try to look ashamedMy shadow in vain
My shadow in vain
My shadow in vain
My shadow in vain
My shadow in vain...
