

Shadows in Vain

Elf Power

Stroll to the cafe
My God how time flies
I close up my brain
And another friend dies I feel like a mirror
Feel like nothing is mine
I could go back to crying
But now dying seems fine So I hang from the ceiling
Or I sit on the air
Or rot in a corner
Until somebody cares Faces at random
I quote people I knew
I'd love to be like me
If I could feel like you Here am I, more roche five than pain
Here am I, just me and my walls to blame
Here am I, I really don't feel quite sane
Here am I, still searching for my shadow in vain
Lock my door I only think in black and white
I'll even try to look ashamed Moving out of central
Somebody knows me well
Says he'll spill the whole story
He may be lying I can't tell Meet me inside
I'll keep my head to the floor
And one hand on the handle
Of the mad/sane door Here am I, more roche five than pain
Here am I, just me and my walls to blame
Here am I, I really don't feel quite sane
Here am I, still searching for my shadow in vain
Lock my door I only think in black and white
I'll even try to look ashamed My shadow in vain
My shadow in vain
My shadow in vain
My shadow in vain
My shadow in vain...
