Italy

Julia Fordham

Can we move to Italy?
I will take a boat and meet you there
Can we move to Italy?
I will put fresh flowers in my hairCan we move to Italy?
I have been traveling
With my face pressed against
The windscreen of my dusty car
Trying to be where you areCan we move to Italy?
I will take a house and make it home
Can we move to Italy?
We can dance in Venice, kiss in RomeCan we move to Italy?
Meet me by the church up high
On the hill, please say you will
Way above the shore below
Down in PortofinoI've got my ticket
And my purple rosary
I know my mission
I'm set for ItalyWatch the sun come up, the sun go down
Punch the air, kiss the ground
(Italy)
Dance in Venice, kiss in Rome
(Italy)
(Italy)
Take a little house, make it homeCan we move to Italy?
I will take a boat and meet you there
Can we move to Italy?
I will put fresh flowers in my hair
Can we move to Italy?Watch the sun come up, the sun go down
(Italy, Italy)
Punch the air, kiss the ground
Dance in Venice, kiss in Rome
(Can we move to Italy?)
Take a little house, make it home
(Can we move?)Watch the sun come up, the sun go down
(Italy)
Punch the air, kiss the ground
Dance in Venice, kiss in Rome
(Can we move to Italy?)
(Italy)

Take a little house, make it home
(Can we move?)(Can we move to Italy?)
Watch the sun come up, the sun go down
Punch the air, kiss the ground
(Can we move to Italy?)
Dance in Venice, kiss in Rome
Take a little house, make it home(Can we move to Italy?)
Watch the sun come up, the sun go down
Punch the air, kiss the ground
