

# Heart on My Sleeve

## Blue

(Verse)

Dont act so surprised, we knew from the beginning  
Your love is a prize and I just wanna win it  
Something bout your soul, the way you seem to know when Im feelin low  
Hit me with the never let go

Everybody know you took it to the limit  
Sometimes I wanna take the world, Im up you up in it  
And the other guys dont know what they need  
But I know you would be enough for me(Chorus)

You know that its the truth as Im telling yourself  
Girl if you want a lie, I got plenty of those  
So when I lose you one, I need to stand to grieve  
Cause when it comes to love I wear my heart on my sleeve  
When Im with my friends Im having port or a show

Just say you wanna ride and Im ready to go  
Cause when it comes to me you always get what you see  
And when it comes to you I wear my heart on my sleeve(Bridge)

Its alright, you can have your doubts  
Just give it time, we can work it out  
To be the one thats by your side  
You know that Id be right(Verse)

Even though we fight every other minute  
We fall out of love and we be right back in it  
Cause playing on your mind, I wont let it go  
I just wanna know that you feel the same as I  
Everybody knows I live it like I talk it  
If I said I roll then you know Im gonna walk it  
Never playin you, baby dont you see?  
That its never been the game for me(Interlude)

So why? (so why?)  
Youre mine (yours mine)  
Im living on a hot away but I feel it  
And thats why I book my heart where you see it  
Know why (know why)  
Cant hide (cant hide)

Wishing youll only get the best of luck  
Baby that is all I got(Chorus)  
You know that its the truth as Im telling yourself  
Girl if you want a lie, I got plenty of those

So when I lose you one, I need to stand to grieve  
Cause when it comes to love I wear my heart on my sleeve  
When Im with my friends Im having port or a show  
Just say you wanna ride and Im ready to go  
Cause when it comes to me you always get what you see  
And when it comes to you I wear my heart on my sleeve(Bridge)  
Its alright, you can have your doubts  
Just give it time, we can work it out  
To be the one thats by your side  
You know that Id be right(Verse)  
Hoping that youll see eventually  
You and I were always meant to be  
No one else could mess with us  
Every girl in the world follow me in love  
Tell them just keep off the lie  
Maybe in another life  
Youre everything Id ever need  
You dont even have to try(Chorus)  
You know that its the truth as Im telling yourself  
Girl if you want a lie, I got plenty of those  
So when I lose you one, I need to stand to grieve  
Cause when it comes to love I wear my heart on my sleeve  
When Im with my friends Im having port or a show  
Just say you wanna ride and Im ready to go  
Cause when it comes to me you always get what you see  
And when it comes to you I wear my heart on my sleeve(Bridge x2)  
Its alright, you can have your doubts  
Just give it time, we can work it out  
To be the one thats by your side  
You know that Id be right
