

Rock 'N' Roll Band

ABBA

Sitting in the darkest corner
In the candle light I saw her face
She was looking so sad and lonely Someone help me, someone save me
I could see the look she gave me, oh
Oh yeah, and there was one thing only
That I knew I could do Let's go girl
It's a beautiful place this world
Come on baby, let's dance
To the rock 'n' roll band Let's go now
Let me show you that I know how
Come on baby, let's dance
To the rock 'n' roll band Come on baby, let's dance
To the rock 'n' roll band You'd been sitting there for hours
Trying to hide behind the flowers, now
Baby, we could have fun together Come on, cheer up, let's get started
No use being broken hearted, now
Oh yeah, you're gonna feel much better
Yes, I know that you will Let's go girl
It's a beautiful place this world
Come on baby, let's dance
To the rock 'n' roll band Let's go now
Let me show you that I know how
Come on baby, let's dance
To the rock 'n' roll band Come on baby, let's dance
To the rock 'n' roll band Let's go girl
It's a beautiful place this world
Come on baby, let's dance
To the rock 'n' roll band Let's go now
Let me show you that I know how
Come on baby, let's dance
To the rock 'n' roll band
