

Fat (Oliver Huntemann Electronica Mix)

Lindemann

Your dirty sweat, my sweetest potion

Your armpits swampy, little oceans

Your flabby butthole, a soggy cave

I put in my parts and let them batheCall me freaky, and call me sick

I like it sticky, I like it big (fat)

I hate it skinny, I hate it flat

I don't need mini, I like it fatPeople laughing about your size

We can fuck them on your french fries

When I break open your kingsize bra

Your giant boobs are just wunderbarCall me freaky, and call me sick (fat)

I like it sticky, I like it big

I hate it skinny, I hate it flat (fat)

I don't need mini, I like it fatEvery night I have this dream

I'm sliding down a slappy stream

straight in your mouth the smeck is strong

I eat your lips your furry tongueCall me freaky, and call me sick (fat)

I like you sticky, I like you big (fat)

I hate you skinny, I hate you flat (fat)

I don't need mini, I like you fat (fat)So call it crazy or call it fate

Just with you I want to get laid

But your holes are hard... so hard to find

It doesn't matter I fuck you from behind
