Spinnin' Round

PFR

You've got to reach out and take it
Before it goes by too fast
They say that life is what you make it
I think we've made it at last(chorus)
Some people say we're crazy but
We're all spinnin round, we're all spinnin round
But you and me we've got something to say
We're all spinnin round, we're all spinnin round
Just because you think you're lucky well
We're all spinnin round, we're all spinnin round
You and me we've got something inside
I think we're gonna make itYou've got your four wheels spinnin
You dig em down into the ground
Just when you think you're winnin(chorus)
