I Won't Give Up

Jason Mraz

Hmmmm ... Hmmmm ... Hmmm ... When I look into your eyes

It's like watching the night sky

Or a beautiful sunrise

So much they hold

And just like them old stars

I see that you've come so far

To be right where you are

How old is your soul? I won't give up on us

Even if the skies get rough

I'm giving you all my love

I'm still looking upAnd when you're needing your space

To do some navigating

I'll be here patiently waiting

To see what you findCause even the stars they burn

Some even fall to the earth

We got a lot to learn

God knows we're worth it

No I won't give upI don't wanna be someone who walks away so easily

I'm here to stay and make the difference that I can make

Our differences they do a lot to teach us how to use

the tools and gifts we've got yeah we got a lot at stake

And in the end, you're still my friend at least we did intend

for us to work we didn't break, we didn't burn

We had to learn how to bend without the world caving in

I had to learn what I got, and what I'm not and who I amI won't give up on us

Even if the skies get rough

I'm giving you all my love

I'm still looking upSo easy is our life

What's mine is yours and yours mine

Hardly do we ever find

We'd rather be kindI won't give up on us

Even if the skies get dark

I'm healing this broken heart

And I know I'm worthyI won't give up on us

God knows I'm tough, I am love

We got a lot to learn

God knows we're worthyNo I won't give up on us

God knows I've had enough

We got a lot to learn

And we're, and we're worthyNo I won't give up No I won't give up
