Glow

Richard Caddock

You can glow
You can glow with the sunshine
With the sunshine
You can glow with the sunshine
With the sunshineYou can glow with the sunshine
You can glow when the feeling's right
With the sunshineWith the sunshineYou can glow with the sunshine
You can glow when the feeling's right
You can glow through the darkest nights
You can glow, be your own lightYou can glow
You can glow with the sunshine
With the sunshine
You can glow with the sunshineWith the sunshineYou can glow
You can glow with the sunshine
With the sunshine
You can glow
