Jambi

Tool

Here from the kings mountain view
Here from the wild dream come true
Feast like a sultan I do
On treasures and flesh never few

But I, I would wish it all away
If I thought I'd lose you just one day

The devil and his had me down
In love with the dark side I've found
Dabbling all the way down
Up to my neck soon to drown

But you changed all that for me
Lifted me up turned me round

So I, I, I, I,
I would, I would, I would
Wish this all away

Prayed like a martyr dusk to dawn
Begged like a hooker all night long
Tempted the devil with my song
And got what I wanted all along

But I, I would, if I could, I would
Wish it away
Wish it away
Wish it all away
Wanna wish it all away

No pressure could hold sway
Or justify my kneeling away my center

So if I could I'd wish it all away
If I thought tomorrow they'd take you away
You're my piece of mind, my all
I said, I'm just trying to hold on one more day

Damn my eyes, damn my eyes

Damn my eyes if they should compromise our fulcrum
What you need divides me then
I might as well be gone

Shine on forever
Shine on benevolent sun
Shine down upon the broken
Shine until the two become one
Shine on forever
Shine on benevolent sun
Shine on upon the severed
Shine until the two become one
Divided, I'm withering away
Divided, I'm withering away
Shine on upon the many, light our way
Benevolent sun

Breathe in union
Breathe in union
Breathe in union
Breathe in union
So as one survive
Another the day and season
Silence, leech, and save your poison
Silence, leech, and stay out of my way
