## Natasja

A whole heap a pretty faces pass me by
some brave and bold some is quiet and shy
and i miss you more than i could ever say
I'm longing for the day when yuh buck up pon me, and fly me awaySuspense tearing me apart
take your time and tease my heart
I really dont even know your name
I gotta know if your meant for meMe have a serious feeling, see if mi patient and wait long enough
yow me ago find out the meaning, of why your love have to treat me so ruff
hold me again and again and teach me how people bluff
have me craving like a feen because me never get nuff
mi know the night young and mi life just began
soon must come the day when mi find the right one
fi make mi body tremble and make mi blood run
stand by me always and never gimmi bun
mi know seh yuh fun and yuh hot like the sun
mi caan wait till yuh show yuh pretty face and tell me the search is done
Suspense tearing me apart
take your time and tease my heart
I really dont even know your name
I gotta know if your meant for meSo lonely this morning, another day in the shade of my mind
and my lonely heart calling, telling me
to stay open and try see the sign
as a new pretty day sun a shine upon mi way
and put a smile up on mi face
and mi have the whole world fi go play and go stray
yuh kinda late anyway
I dont know your sign and i dont know your name
but all in all its the same
believeing that one of these days ill be walkng in the rain
and you will fly me away
never play me just save me
chase me, lay me,
something tell me that your facety, yuh facety
well amaze me and i dont know who you are
Suspense tearing me apart
take your time and tease my heart
I really dont even know your name
I gotta know if your meant for meI wonder if yuh tall small big or yuh slim
a baldhead a dread or if you a muslim

I hope seh that yuh love the same old music as i and
not shy fi tek a piece a the good life pie
mi think about the stories yuh ago tell me at night
bout where yuh come from and little things inna yuh life
yuh know seh that me need mi know me haffi get
yuh close to me soon fi tell me everything setSuspense tearing me apart
take your time and tease my heart
I really dont even know your name
I gotta know if your meant for me
