## I Love the Dj

## **Alcazar**

Step into the club as people stand
And you can feel it in the atmosphere
Tonight's the night, champagne are nice
I see the passion that is in your eyesWho do Alcazar? You can be a star
It's your destiny

Wishing to crowd, shout and make it loud Dancing ecstasyI love the DJ, the DJ loves me The discs are spinning, he's looking at me

I love the DJ, he's setting me free He plays my music at disco melodiesI love the DJ, the DJ loves me

The discs are spinning, he's looking at me

I love the DJ, he's setting me free

He plays my music at disco melodiesWhen I look at you I loose control I feel your music inside my soul

You turn me on, you spin me round

I'm so addicted to that disco soundWho do Alcazar? You can be a star It's your destiny

Wishing to crowd, shout and make it loud
Dancing ecstasyI love the DJ, the DJ loves me
The discs are spinning, he's looking at me
I love the DJ, he's setting me free

He plays my music at disco melodiesI love the DJ

I love the DJ I love the DJ

I love the DJI love the DJ

I love the DJ

I love the DJ

Set me freeI love the DJ, the DJ loves me

The discs are spinning, he's looking at me

I love the DJ, he's setting me free

He plays my music at disco melodiesI love the DJ, the DJ loves me

The discs are spinning, he's looking at me

I love the DJ, he's setting me free

He plays my music at disco melodiesI love the DJ, the DJ loves me

The discs are spinning, he's looking at me

I love the DJ, he's setting me free

He plays my music at disco melodies
