

Old Battery

Guided By Voices

Old Friend in your room

With your ticker

Feeling thicker

You get sicker, but

DieHard

DieHard

DieHard

DieHardOld Friend in this World

With your crucifix

you think it's fixed

and yet you

DieHard

DieHard

DieHard

DieHardTo heal you we have love

To heal you we have love

To heal you we have loveI don't wanna

I don't wanna

I don't wanna

I don't wannaTo heal you we have love

To heal you we have love

To heal you we have loveI don't wanna

I don't wanna

I don't wanna

I don't wanna
