Nobody Cares

Dropbox

We live alone to die alone to live in sorrow and be ashamed
And when it's time it's just begun you look around to lay your blame
And when tomorrow passes you by don't come runnin' back to me
'Cause I've grown since I've last seen you and I'm not who I used to beBut nobody cares
(Nobody cares)
Nobody cares
(Nobody cares)
Nobody cares
(Nobody cares)
Nobody cares
(Nobody cares)And once again I've been sucked in to the game I stay a slave
I try to place this bitter taste but all my efforts end in rage
And if I told you that I hate you would things still be the same
Still I don't mean to break you but I need someone to blameAnd nobody cares
(Nobody cares)
Nobody cares
(Nobody cares)
Nobody cares
(Nobody cares)
Nobody cares
(Nobody cares)Nobody cares
(Nobody cares)
Nobody cares
(Nobody cares)
Nobody cares
(Nobody cares)
Nobody cares
