

# Exhale The Vile

## Machine Head

Can't match the stare within these eyes  
Do you have the strength for all your lies  
Can't stand the pain with which i see  
This integrity is what i breatheI inhale this life i gave to you  
And exhale the vileTime will tell Because my friend and  
Never will I concede the end  
'Cause catarac resin fills my eyes  
Never gonna see the man Through your fake liesTell me the things that'll take time  
To help see the things That'll take this  
Burn inside of meCan't feel the sting from words gone by  
Can't keep the papers filled with lies  
Ten fold, this confidence I breed  
Created back the words I seeI'll inhale this gift I gave to you  
And exhale the vile  
Kill this fire with gasoline  
Convictions I spit, my faith obsceneHeretic Jackals worship liars  
Forever I'll be the god that you desireTell me the things that'll take time  
To help see the things that'll take this  
And hold onto things that'll make my  
To make me the thing that breaks this  
Burn inside of meTime will tell because my friend and  
Never will I concede the end  
Heretic Jackals worship liars  
Forever I'll be the god that you desireTell me the things that'll take time  
To help see the things that'll take this  
And hold onto things that'll make my  
To make me the thing that breaks this Burn inside of me  
Burn inside of me, Burn inside of me, Burn inside of me
