Colors

Laleh

I had a talk with the shadow and the light
fighting for me
they said put your tricks aside
and for once believe
How can I, I don't,
I never did.
I don't know how to
But when it's not enough to fight for me
I'm gonna wanna live and fight for youJust because it's black in the dark
Doesn't mean there's no colors
Just because it's black in the dark
Doesn't mean there's no colorsI had a talk with the shadow and the light
Oh, oh, looking at me
They said put your reason aside
And for once believe
How can I, I don't,
I never did,
I don't know how to
And if I ever stop believing in me
I know I always can believe in you.Just because it's black in the dark
Doesn't mean there's no colors
Just because it's black in the dark
Doesn't mean there's no colorsI pulled up my roots
From the bottom I was caught in
I was caught in
And I had a talk with the shadow and the light
Fighting for me
