

# Dark Are The Veils Of Death (live Elm St Club)

## Candlemass

Death is present the candle has burned out  
The scythe is raised he's eager to reap  
The extreme unction prepares for the last night  
But God knows where you will rest Dark are the veils of death  
To sail the seas of eternal damnation  
To cross the desert of woe and despair  
Or drink the chalice of divine ambrosia  
Your life will be put to the test Dark are the veils of death  
Enter the great adventure  
Just wait and see  
Heaven or hell will call you  
Now when your spirit is free Where can your salvation be  
Now when your spirit is free  
Where can your salvation be  
Now when your spirit is free Fading light disappearing night  
Tells you darkness is to come  
Ancient rites the death-mass itself  
Has never revealed where you will go You will enter realms where angels fear to tread  
Open hidden door within your mind  
Sail with Charon sail with destiny  
Accept your death and make it your own choice
