

# I Will Live On Islands

**Josh Rouse**

Used to work the discos, I used to work the door  
Until I was convicted of a crime I did not score  
Someone stole some diamonds, they looked a lot like me  
And so I serve my sentence and soon I will be free  
So I serve my sentence and soon I will be free Girl lives on the outside, my boy he just turned four  
See them on the weekends I wish I could do more  
Three years and six days all this will be done  
I will live on islands and I will see the sun (x2) Dreamin' of (x3)  
Dreamin' of my life on the outside  
Take it all (x3)  
Take me away  
I wanna see some green, get me out of this place Dreamin' of (x3)  
Dreamin' of my life on the outside  
Take it all (x3)  
Take me away  
I wanna see some green  
I wanna be set free, let me out of this place  
Yeah Send your postcards, boy  
I will live on islands and I will see the sun (x2)
