

# Right on Track (Win & Woo Remix)

## The Griswolds

Right on track  
Right on track I can't believe I never made it past my mark  
But now I'm right on track  
I'm right on track  
I never listened to my head before my heart  
But now I'm right on track  
I'm right on track This is coming between us  
And I know you wanted to leave  
Yeah, I know you wanted to  
Right on track  
This is tragic between us  
But I always wanted to be  
Yeah, I always wanted to I can't do anything in everything I've got  
But now I'm right on track  
I'm right on track  
If it's all the same, I'd love to think  
I'm not quite the answer  
All the same, I'd love to think  
I'm not quite the answer This is coming between us  
And I know you wanted to leave  
Yeah, I know you wanted to  
This is tragic between us  
And I know you wanted to leave  
Yeah, I know you wanted to If it's all the same, I'd love to think  
I'm not quite the answer  
All the same, I'd love to think  
I'm not  
If it's all the same, I'd love to think  
I'm not quite the answer  
All the same This is coming between us  
And I know you wanted to leave  
Yeah, I know you wanted to  
This is tragic between us  
And I know you wanted to leave  
Yeah, I know you wanted to
