

# Mary Bumble Bee

## Purling Hiss

So long/goodbye situation  
Don't be too long in conversation  
When I walk around, could you save me?  
And I let you down when you let me, yeahI had to leave you alone  
Just had to leave you alone  
Sent me running home  
Sent me running homeDown in the street I see everybody  
Meeting, greeting, they speak politely  
When I come around, don't you know me?  
And I feel let down by everybody, yeahI had to leave you alone  
Just had to leave you alone  
Sent me running home  
Sent me running homeI had to leave you alone  
Just had to leave you alone  
Sent me running home  
Sent me running home  
Sent me running home  
Sent me running homeSo long, goodbye
