

# Peter Pan (Instrumental)

Kira Stone

What if I don't ever wanna grow up?  
Could I stay this young forever, and ever?  
What if I like being  
immature sometimes and I  
don't ever wanna change? I hope I'm not the only  
girl who feels this way  
The little boys and girls  
look to the stars before they fly away Oh!  
This is not the end,  
this is NEVERLAND  
where lost boys play and tinkerbelle lands.  
Mermaids with their tails and technicolor scales,  
dance around the Jolly Roger as it sails.  
Just following the second star to my right;  
I'm taking off  
I'm taking flight,  
with  
Peter Pan, tonight Let's travel all across the sand  
in my magic Neverland  
You give me faith I'll give you trust and pixie dust  
We could fight pirates, we could dance with Indians  
If you walked the plank, I'd cry  
With Peter by your side, you've got no fear to fly Oh!  
This is not the end,  
this is NEVERLAND  
where lost boys play and tinkerbelle lands.  
Mermaids with their tails and technicolor scales,  
dance around the Jolly Roger as it sails.  
Just following the second star to my right;  
I'm taking off  
I'm taking flight,  
with  
Peter Pan... Then Captain Hook and  
Peter Pan  
will fight it out in Neverland  
Wendy will cry but  
her love will never die  
For the boy who taught her how to fly Oh!  
This is not the end,

this is NEVERLAND  
where lost boys play and tinkerbelle lands.  
Mermaids with their tails and technicolor scales,  
dance around the Jolly Roger as it sails.  
Just following the second star to my right;  
I'm taking off  
I'm taking flight,  
with  
Peter Pan, tonight! Peter Pan, tonight!
