

# Reiketsu Nariseba

## Dir En Grey

You're the one that's lost now  
You shallow shit with that sad little look on your face  
Why don't you just grow yourself some wings of pity?Lose track of where you are, all dolled up as a star...?  
You make me laughSUCK ME  
DESTROYEven when you talk big, you do it by protecting yourself  
SUCK ME
