

# Couch Slouch

## D.R.I.

Home from school and here to stay  
I'll take it easy again today  
Ain't gonna work, don't need no pay  
Don't need no work, I sleep all day Couch slouch  
Fuck off My mom don't like the way I live  
She says I take but I don't give  
My dad can't stand the way I am  
He says, "Damn it, just get up, man" Couch slouch  
You suck Awaken now and then to eat and shit  
Don't go outside 'cause I don't fit  
Society's not ready for me  
Crazy assholes never will be
