# Gatekeeper

## Grumpin Together

give me your heart and i'll take away your pain
this too shall pass
its such a shame
i'll be your army
your army of one
and you'll feel better when we're done
wrap yourself in my arms i'll keep you safe from harm
fall into me, love is all you need
walk back from the end, we can only do our best
gotta keep on doing... you'll forgive me x3
[CHORUS]i'll be your gatekeeper
(i'll be your gatekeeper)
all your secrets, drop your defense

x2
tell all your secrets
share all your shame
i'll hold you closely
you'll be okay we're only human we're sometimes wrong
don't be your motto tell someone
wrap yourself in my arms i'll keep you safe from harm
fall into me, love is all you need
walk back from the end, we can only do our best
gotta keep on doing... you'll forgive me x3
[CHORUS]i'll be your gatekeeper
(i'll be your gatekeeper)
all your secrets, drop your defense
x2
