

New Beginnings

Part Time

Tell me is it wrong to feel the way I do
Would you let me seek for you a new beginning
Well, oh I don't understand how I live without your smile
Baby who you are, I don't know cause I just met you
Was it in the stars waiting by the Gods of Pharaohs
Well, oh I don't understand how I live without your smile
That's never been clear
Would you let me seek for us a new beginning
Would you let me seek for us a new beginning
