

# New Beginnings

## Part Time

Tell me is it wrong to feel the way I do  
Would you let me seek for you a new beginning  
Well, oh I don't understand how I live without your smile  
Baby who you are, I don't know cause I just met you  
Was it in the stars waiting by the Gods of Pharaohs  
Well, oh I don't understand how I live without your smile  
That's never been clear  
Would you let me seek for us a new beginning  
Would you let me seek for us a new beginning
