# I Melt

## Rascal Flatts

When you light those candles
Up there on that mantle, setting the mood
Well, I just lie there staring
Silently preparing to love on you
Well, I can feel the heat from across the room
Ain't it wild what a little flame can make you wanna doI melt every time you look at me that way
It never fails anytime, any place
This burn in me is the coolest thing
I've ever felt, I meltDon't know how you do it
I love the way I lose it, every time
What's even better
Is knowing that forever you're all mine
The closer you get, the more my body aches
One little stare from you is all it takesI melt every time you look at me that way
It never fails anytime, any place
This burn in me is the coolest thing
I've ever felt, I melt(I melt)
I melt every time you look at me that way
(Fails)
It never fails anytime, any place
This burn in me is the coolest thing
I've ever felt(I melt)
I melt
(I just melt)
Every time you look at me that way
(I just melt)
I melt
(I just melt)
I melt
