

# It's a Dog

Kyle Massey

Dog, dog, dog, that dog  
Dog, dog, dogHe don't sit in no window  
Because he ain't for sale  
And I'm kind of sure he likes me  
By the way he wags his tailI know he'd try to save me  
If I fell down a well  
'Cause he's a friend I can depend on  
Lordy what's that smell?It's a dog, dog, dog, that dog  
Dog, dog, dog  
Dog, dog, dog, that dog  
Dog, dog, dogHe can't help that he's hairy  
If he wasn't he would freeze!  
And he can't help that he's a  
Walking hotel for some fleasNow he ain't much on manners  
Although he aims to please  
His calling card is in the yard  
Remember wipe your feet, 'cause there's aDog, dog, dog, that dog  
Dog, dog, dog  
Dog, dog, dog, that dog  
Dog, dog, dog
