

# Insecurity (Demo Version)

## Excel

All I wanted was the best  
All of this was a test  
Gave all I had, gave my love  
Now you just push and shove[Chorus:]  
You pretend things do work  
In the end one is hurt  
Put you through the blasting hell  
We are EXCELI tried so hard to make things last  
Now we know we went too fast  
Can you see this must halt?  
All I know - it's your fault[Chorus:]  
I'm insecure  
I'm insecure  
I'm insecure  
I'm insecure  
[Repeat twice][Repeat Verse 1][Chorus]
