

# Once When I was little (Danyi Casey)

James Morrison

I was the one, who would always jump in first  
Didn't think twice to look behind  
Got such a good feeling, just from playing in the dirt  
Once, when I was little We could build a rocket, fly to the moon  
Leave Tuesday morning, and be back for noon  
There wasn't nothing, nothing that we couldn't do  
Once, when I was little  
Once, when I was little [Chorus]  
Yeah I could dream more then  
Yeah I believed more then  
That the world could only get better  
Yeah I was free more then  
I could pretend more then  
That this life could only show me good times  
Once, when I was little There was a time when I trusted everyone  
Yes I did  
There was no place that I would not go oh no  
Spend a day on the hillside next to the holly mo  
Oh once, when I was little  
Yea once, when I, I was little [Chorus] Used to feel so strong  
Even when they tell me, tell me I was wrong  
That I can't live in a magic world  
Cause it's time for me to grow up  
That I got to be like the rest of them  
When I know there acting up oh I could believe more then yes I could  
I could pretend more then  
That this life could only get better  
I could believe more then yes I could  
I could pretend more then That this world could only show me good times  
Once, when I was little  
When I was little So here comes the next one, the next in line  
Stay as young you can, for the longest time  
Cause those days flew by  
Like a breeze just passing through  
Once, when I was little
