

I'll Be the One

Dru Hill

Advisory - the following lyrics contain explicit language:

I'll be the one
I'll be the one
I heard a rumor there's a vacancy
Somebody said he put you down Seems he found pleasure in some other girl
Baby he's dogging you around
So now you're looking for a special guy
Someone that you can call your boo A man that cares about your feelings girl
A man to just be good to you
Well [Chorus]
I'll be the one making you feel alright
I'll be the one doing the things you like
I'll be the one keeping you up at night
I'll be the lover in your life
I'll be the one you're gonna want to call, yeah
I'll be the one making you climb the walls
I'll be the one gon have you beggin me
I'll be the one, the one you need You gave him seven years of your life
To think about it makes you cry
Why don't you come with me
I'll make it right Let's bump that nigga outta your mind
Let's take a ride baby, no special place, yeah
Somewhere where we can be alone, hey
Take off our clothes and let our feelings flow I want to groove you all night long
I'll be the one [Chorus] Here's the thing you should know about me, yeah
Jazz is the man when it comes to ladies
I know what I want
Baby I'm keepin' it real, said real babe Ain't no him now that you're with me
That's the way that its gotta be
If you're down, then be down
Don't be playin' around with my heart, oh no
I'll be the one [Chorus] I'll be the one
I'll be the one
