

# Who The Fuck Are Arctic Monkey's

## Arctic Monkeys

We all want some one to shout for  
Yeah, everyone wants somebody to adore  
But your heroes arent what they seem  
When youve been, where weve been Have I done something to trigger  
The funny looks and the snigger?  
Are they there at all  
Or is it just paranoia Everybodys got there box  
And doing what theyre told  
You push my faith near being lost  
But well stick to the guns Dont care if it's marketing suicide  
We wont crack or compromise  
Your derisory devides  
Will never unhinge us Theres a couple of hundred  
Think theyre Christopher Columbus  
But the settlers had already settled  
Here long before you Just because were having a say so  
And not lining up to be play doh  
In five years time will it be  
Who the fucks arctic monkeys? 'Cause everybodys got there box  
And doing what theyre told  
You push my faith near being lost  
But well stick to the guns Dont care if it's marketing suicide  
We wont crack or compromise  
Your derisory devides  
Will never unhinge us All the thoughts that I just said  
Linger round and multiply in the head  
Not that bad to start with  
Im not angry, Im just disappointed It's not you it's them that are wrong  
Tell 'em to take out their tongues  
Tell 'em to take out their tongues It's not you it's them that are wrong  
Tell 'em to take out their tongues  
Tell 'em to take out their tongues  
And bring on the backlash It's not you it's them that are wrong  
Tell him to take out his tongue  
Tell him to take out his tongue It's not you it's them that's the fake  
I won't mess with your escape  
Is this really your escape?
