

# Can't Help Myself

Gary Moore

In this world of make believe  
I will try to find a way  
It's so easy to deceive  
What you do or what you say I would never try to ever break your heart  
Even through it seems I tear your soul apart  
I would never try to hurt you, never leave you or desert you  
Try to understand , I just can't help myself In this world of make believe  
I will try to find a way  
It's so easy to deceive  
What you do and what you say I would never try to ever break your heart  
Even through it seems I tear your soul apart  
I would never try to hurt you, never leave you or desert you  
Try to understand, I just can't help myself, I just can't help myself In this world of make believe  
I will try to find a way  
It's so easy to deceive  
With what you do and what you say I would never try to ever break your heart  
Even through it seems I tear your soul apart  
I would never try to hurt you, never leave you or desert you  
Try to understand, I just can't help myself, I just can't help myself  
Oh, I can't help myself
