

# Only Friend

## Preme Dibiasi

(Matt light the flame)

We made a bond no one to blame but us (blame but us)

Preme Dibiasi

This love will never end (never end)

Here sip this drink let me relax your mind (relax your mind)

No please don't rush girl lets just take our time (take our time)

Til the mood is right ill stimulate your mind (stimulate your mind)

I realized your type is hard to find

Need you to be all of mine

Me you wine and candlelight, a five star suite we stayin the night

Hella ass class and your own cash shit I'm a fan for life

Cant tell no lie she loyal that's why I'm real wit her

Tired of the norm that's cuz you never had a real nigga

Ima be your daddy, your brother, the only man you need

When we fuck we cum together aint no I in team

Hard day in the trap I'm stressed you rub my feet I sip this lean

The world aint got to notice ya but to me you mean everything

Money on my mind all the time girl I'm a hustla

You know 'bout them bodies aint kilt you yet that's cuz I love ya

First lady, my baby we got a bond like no other

With time girl I'm hopin' this bond cant be brokenChorus

We made a bond no one to blame but us (blame but us)

Aint asking for to much just want to gain your trust (gain your trust)

Us against the world this love will never end (never end)

I'll be your everything

Girl I'm your only friend

Your only friendDon't need nobody all you need is me (need is me)

All the desire that you see in me (see in me)

Can't explain the love I feel for you (feel for you)

Wont keep it nothing less than real for you

My only friend I kill for youHere sip this drink, (My Only Friend I kill for you)

Let me relax your mind (relax your mind)

No please don't rush girl lets just take our time (take our time)

Til the mood is right ill stimulate your mind (stimulate your mind)

I realized your type is hard to find

Need you to be all of mine

Champaign and some roses she get on her fours and crawl to me (crawl to me)

Face to face wit it we both be French that pussy talk to me

A bond like no other when I'm away I hear it calling me (calling me)

The only one you trust there's no question girl you get all of me  
One hunded til we both gone, we make love and see the ozone  
No fakery we dolo we don't answer for our old hoes (old hoes)  
I got your front and rear, you need me girl I'm there  
If the world turn they back on you I'm always gon' be here  
Got the keys to your heart and I wont break it no (break it no)  
We aint got to rush babe we can take it slow (take it slow)  
Lookin' I can see that you been hurt before (hurt before)

With me you know the deal, here puff this blunt and chill  
CHORUS: We made a bond no one to blame but us  
(blame but us)

Aint asking for to much just want to gain your trust (gain your trust)  
Us against the world this love will never end (never end)  
Ill be your everything  
Girl I'm your only friend

Your only friend Don't need nobody all you need is me (need is me)  
All the desire that you see in me (see in me)  
Can't explain the love I feel for you (feel for you)  
Wont keep it nothing less than real for you  
My only friend I kill for you  
My only friend I kill for you  
Love no lust

this here's for life ashes dust to dust (dust to dust)  
We don't do no crossin' its just to the end (to the end)  
Sincerely your only friend, your only friend (your only friend)
