

# Break Away

## Bobby Caldwell & Jack Splash

Stay away, stay away  
If you care for yourself  
Stay away  
I had bad luck each and every day  
Stay away!  
Turn around, turn away  
If you see me on the streets  
Turn away  
I could break your heart one day  
Turn away! They're on the fire of the street  
Where the sun shines  
I will not disturb your space  
You don't have to live like I live on the fall line  
You don't have to see my face  
I, I, I, I break away  
You don't have to stay  
Baby, break away  
Break, baby break away  
You don't have to stay  
Baby, break away Break away, break away  
That's the name of the game, break away  
'Cause for there are games to play  
Break away!  
Turn around, turn away  
If you see me on the street, turn away I could break your heart again, one day  
Turn away!  
They're on the fire of the street  
Where the sun shines I will not disturb your space  
You don't have to live like I live on the fall line  
You don't have to see my face  
I, I, I, I break away  
You don't have to stay  
Baby, break away  
(Gonna break away)  
Break, baby break away  
You don't have to stay  
(Stay stay stay)  
Baby, break away  
Break, break away

You don't have to stay  
Baby, break away  
(Gonna break away)  
Break, baby break away  
You don't have to stay  
(You don't have to stay)  
Baby, break away  
(Gonna break away)
