

# In Time We'll Fall

## Endo

Inside an empty hole where we're both suffocating  
Talking to myself and find that I'm not listening

Screaming

Crying

There's someone in my body

ScreamingI see it all

In time we'll fall

I hear it all

In time we'll fall

I feel it all

In in time we'll fallI'm falling over

I'm falling over you

I'm falling overInside an empty hole where we're both suffocating

Talking to myself and find that I'm not listening

Screaming

CryingI see it all

In time we'll fall

I hear it all

In time we'll fall

I feel it all

In in time we'll fallIn time we'll fall

We're suffocatingI see it all

In time we'll fall

I hear it all

In time we'll fall

I feel it all

In in time we'll fall

I see it all

In time we'll fall
